Stay-at-Home Camp Slated

A "stay-at-home camp" for boys unable to attend a regular camp during the Summer is being planned again by Peninsula Branch, YMCA, according to Merlin C. Donaldson, boys' work secretary. It will be a day camp open to any boy. Citizenship training will be stressed and a well-rounded program of camp activities provided. Plans are under way to use Coyote Point again.

The purpose of the YMCA Summer program is to give boys an opportunity to participate in activities that have an educational value and will aid in building better and more useful citizens. R. R. Moser, Y camp craft director, will be in charge of the craft work while Secretary Donaldson will serve as camp director. Dates are Aug. 6, 7, 8, and 9, from 10 a. m. to 4 p. m. Boys are to provide their transportation to and from the camp. There will be no charge to any of those participating other than for actual cost of materials used in the crafts.

The Summer program of the Y also includes a camp for Hi-Y and Tri-Y Aug. 4 to 11 at Jones Gulch and a week's outing for the San Mateo Hi-Y at Camp McCoy under the direction of Joe Acheson, a training camp for Hi-Y officers at Loma Mar YMCA Camp.

Two overnight hikes are planned, roller skating party at the Burlingame Rollerdom on July 27, and a tennis tournament the last of August.

HEALTHFUL and nourishing, as well as delightfully appetizing, is this vitamin-laden vegetable dish which makes spinach a treat to even the most skeptical.

Vitamin Bake makes an invigorating main dish for the school-going youngster's cold-weather lunch. The Nucco-d bread crumbs and grated cheese give the spinach a new flavor that few youngsters will recognize they are consuming a "must".

The recipe given here for Vitamin Bake serves from four to six portions; for larger or smaller servings ingredients can be increased or decreased in proportion.

Vitamin Bake
2 cups cooked spinach
4 hard-cooked eggs, sliced
1/2 cup grated cheese
1/2 cup Nucco-d bread crumbs
Drain and chop spinach. Melt Nucco, add flour and seasonings. Blend thoroughly. Add milk gradually and stir until smooth and thick. Place a few Nucco-d crumbs in the bottom of a baking dish; add half the spinach, a layer of sliced eggs, and half the white sauce. Sprinkle with half the cheese. Repeat, cover with rest of crumbs and bake in hot oven (450° F.) until brown. Serves 4-6.

Hillsborough Man, 24, Killed in Accident

BURLINGAME—Friends here received word today that Jack Starkweather, 24, of Hillsborough died last night as a result of injuries received Saturday in an automobile accident near Browning, Mont.

Mrs. R. K. Starkweather, mother of the young man, left here by airplane last Sunday when informed of the accident. Mr. Starkweather, a graduate of San Mateo High School, Menlo Junior College and Stanford University, was in Montana vacationing. He had received his degree of master of arts last June from Stanford, where he was a Phi Beta Kappa.

ard employees have just been awarded pins during the semi-annual presentation. This makes a total of 8892 Standard employees with service ranging from 10 to 44 years, representing 62 per cent of all employees on Standard payrolls.

Menlo Park Legion Post Names Officers

MENLO PARK—New officers of Menlo Park Post 443, American Legion, elected at their last meeting, are: Commander, Henry Johnson; first vice commander, Howard Underhill; second vice, Steve Spolyar; finance officer, Martin Johnson; chaplain, George Anthony; historian, Charles Otto; sergeant-at-arms, Emil Scope; executive committee members, Frank Ellis and George Anthony. An adjutant will be appointed to succeed Phil Blanchard.

Delegates to the state convention are George Condos, Herbert Dittreich and Blanchard; alternates, Martin Johnson, Henry Johnson and Steve Spolyar. District delegates are Condos, Ellis, Anthony, Otto and Floyd Beach; alternatives, Martin Johnson, Henry Johnson, Dittreich, Spolyar and Underhill.

Rural free mail delivery in the United States was begun in a small way in 1896.

'Invasion Already Here'

Declaring that "we're already invaded—the first stage of the war is over," L. H. Leve, Palo Alto attorney and Americanism chairman of the American Legion's 13th district, warned the Redwood City Exchange Club Tuesday that the peril from Fifth Columnists in the United States is as great or greater than it was in Poland, France and other countries conquered by Hitler.

Repeating a talk he had given last week to the Junior Chamber of Commerce here, Leve pointed out that it was not so much the foreign agents and spies, many of whom the FBI and other agencies are watching closely, as it was the "Fifth Column of Stupidity" that was undermining this country's defense.

"You can put your finger on the other kind," he explained, "but the worst kind is that of stupidity."
EXAMPLES CITED
As examples, he cited a religious organization which went on record in Los Angeles urging the welcoming of invaders if they come; a mothers' organization which would prevent their sons upholding the Monroe Doctrine if it meant fighting on any foreign soil, Canada, Panama or other American countries included, and people who swallow the bait put out by foreign agencies in inoffensive-appearing pamphlets.

Citing as an authority a former German acquaintance of Hitler, Dr. Karl Brandt of Stanford University, Leve declared that "Hitler hates the United States, for he considers we were responsible—which we were—for Germany's last defeat," and remarked also that the German Fuehrer "considers us the richest plum of them all."

"If you don't think Hitler's got us on his list, you haven't read Mein Kampf," he declared. Again quoting Dr. Brandt, Leve declared that the U. S. is "doomed unless we have an awakening of the American consciousness."

REMEDIES GIVEN
He urged his listeners to remember that "the price of liberty is eternal vigilance;" to watch for Fifth Columnists, such as two Stanford students of last year—exchange students from Germany—who were propagandizing fellow students, and report them either to the Legion or Federal Bureau of Investigation; to preach the "gospel of Americanism."

"There's room for only one ism in the United States if we are to survive—and that's Americanism," he declared.

Guests of the Exchangeites

Monteagle's Estate Bequeathed to Kin

Kenneth Monteagle of Hillsborough, member of the city council of that community, will receive \$20,000 from the estate of his father, Louis F. Monteagle, San Francisco financier and philanthropist who died July 16 at the age of 84.

This was revealed today with the filing of Mr. Monteagle's will in San Francisco superior court.

Also to receive \$20,000 is Mr. Monteagle's other son, Paige, of San Francisco. A \$75,000 cash fund was set aside for specific cash bequests and the remainder of the estate was placed in trust for the two sons.

Several other cash bequests were made, including \$2500 each to two sisters in England and Scotland.

In the High Sierras

Hiking, fishing and horseback riding occupied the W. A. Turnbulls when they recently spent a week in the high Sierras above Angel's Camp. They are at home now on Upper Upland Rd., Emerald Lake.

were Felix Morris Jr. of Menlo Park, Sequoia graduate of last June who won the Exchange Club scholarship, and Eugene Bayne of Stambaugh St., who attended the recent Boys State at Sacramento under sponsorship of the club. Clarence J. Holt, chairman of the club's Americanism committee, was chairman.

Coast Ranchers Seek To Prevent Erosion

Forty Half Moon Bay ranchers whose lands border Lower Pillaritos Creek filed formal request here with the Redwood City office of the United States Soil Conservation Service for a plan to prevent erosion of their lands by the creek during winter floods.

The ranchers, who had met once before, were informed the plan, which will be drawn up by the Agricultural Extension Service since the creek is not in the county soil conservation district recently formed, should be ready in about a month.

According to J. H. Kane, secretary of the conservation district, the cost of the project probably will be largely labor, which can be supplied by the farmers themselves during slack periods. Planting of willow slips, which can be taken from native trees, would constitute a large part of the work. It would be necessary to keep open a channel through a sandbar damming the creek at the sea, during the flood period, and an old railroad trestle crossing the stream may be removed to prevent the piling up of debris.

Practically no expense other than the labor will be involved, Kane said, and he predicted that if the project is carried out other Coastside ranches whose land is being eroded by numerous small streams will be quick to follow suit. The federal service is supplied without charge, simply upon application.

The plan may include sugges-

Topsoil Removal Halted by S. F. Firm

According to the district attorney's order that they do something about the clouds of dust they were raising on a topsoil removal job near the Livestock Pavilion in Bayshore City, Rosenberg Bros. Grading Co. of San Francisco had halted operations today while they pondered methods of abating the nuisance.

Earlier this week residents of the community protested that heavy trucks were raising so much dust it was difficult to live in homes nearby. Yesterday Ferrell notified the company it would have to abate the nuisance. He said he was "quite satisfied with the response of the company—for the time being."

Principle exports of Egypt include cotton, cotton-seed, sugar, cigarettes, onions, eggs, phosphates, rice and gum arabic, in that order.

tions for better retention of water for irrigation, as well, Kane said.

Deputy Fire Warden Is Sued for Divorce

Suit for divorce was filed in superior court here by Audrey N. Werder against Ernest H. Werder II, assistant county fire warden. Mrs. Werder charged cruelty. The couple was married Apr. 9, 1939, and separated June 6 this year, according to the complaint. There are no children. Mrs. Werder asks for return of her maiden name, Audrey Zoellin. The Werders' residence is at 60 King St., Redwood City.

MENLO PARK NEWS NOTES

MENLO PARK—Mr. and Mrs. Howard Crane and daughter are here from Long Beach to spend a short vacation with the former's mother, Mr. Eugene Crane is an executive of a large oil concern.

Dr. Harvey M. Slater and Miss Wendy Sloan were married this week at San Jose. The doctor has enjoyed a large practice here for many years. The pretty bride is a nurse at Palo Alto Hospital.

James Flood and family will move soon to Woodside where Mr. Flood has purchased 150 acres on King's Mountain Rd. The home here probably will be occupied by Mrs. J. Flood, mother of the young millionaire.

Miss Agnes Mason and her sister Bessie have opened their Seabright cottage for the Summer.

Mabel and Mary McIntyre, San Francisco socialites, are here on a short visit with Mr. and Mrs. Robert Terwiler on Sherman Ave. The young ladies are former residents of Menlo Park, being daughters of the late Thomas McIntyre, a pioneer resident of this community.

Stanford Park is the fastest growing section on the Peninsula. Foundations for 20 homes were laid in the past month to cost about \$5000 each.

Isabelle Weeden Lindquist, 26th district American Legion chairman of hospital entertainment, presented the following program at the Veterans Facility July 19:

Community singing, led by the facility glee club; humorous stories, Fred Harvey; Touching all Bases, talkie, San Francisco Daily News; sailors horn pipe song and dance, Janet Smith; Patsy Jones, Donna Lee Cole, from Charlotte Griggs' studio; clown dance, Janet Smith; Shirley Di Pine, Virginia De Long, Donna Lee Cole and Patsy Jones, from Charlotte Griggs' studio; introductions of legionnaires by Second Vice Comm. Philip Blanchard; accordion numbers, the Olmstead Studio, soloists—Alice Stoka, Ella Stoka, Dan Robertson; "Major Bowes Amateurs," talkie, James F. Waters Co.

James F. Waters, who sent the

picture, is a war veteran. He sent a message of cheer to the disabled veterans through Fred Harvey. The entertainment was enjoyed by 615 patients.

Mrs. J. E. Weeden and her nephew, Thomas Sexton, spent Sunday with Mr. and Mrs. Vincent P. Sexton and their two children, Richard and Jack, in Brentwood.

Billy Lindquist and Henry James spent several days in Monterey visiting Billy's relatives, Mr. and Mrs. Joseph Branco. They enjoyed fishing and saw the new 80-foot deep sea fishing boat Branco Clipper, which the Brancos own, launched on its maiden voyage. Mrs. Branco attended the local schools and Sequoia High School. She was Miss Mary Thomas before her marriage last year.

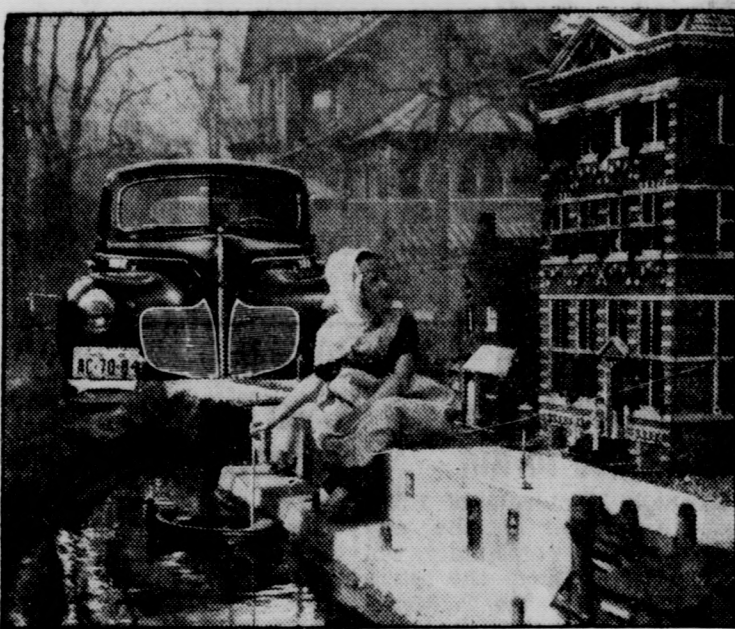

Isabelle Weeden Lindquist and her daughter, Emma Roberta, attended the Salinas Rodeo.

Weeden Bros. have started to erect a home for the Misses Jane and Katherine Carolins on Pine St. The Carolins are former Atherton residents and are living in Santa Rosa at present. As soon as the new house is completed they will reside here.

Tuesday evening in Masonic Hall, Menlo Parlor Native Daughters installed officers. Miss Mildred Foley of San Bruno Parlor, deputy grand president, assisted by a corps of officers from her parlor, was the installing officer. About 75 visitors were present. Past Grand Pres. Evelyn I. Carlson and Supervising Deputy Mrs. Bernard Bernasque of San Mateo County were also present. The officers were gowned in pastel formals and the hall was decorated in green as was also the tables in the banquet hall.

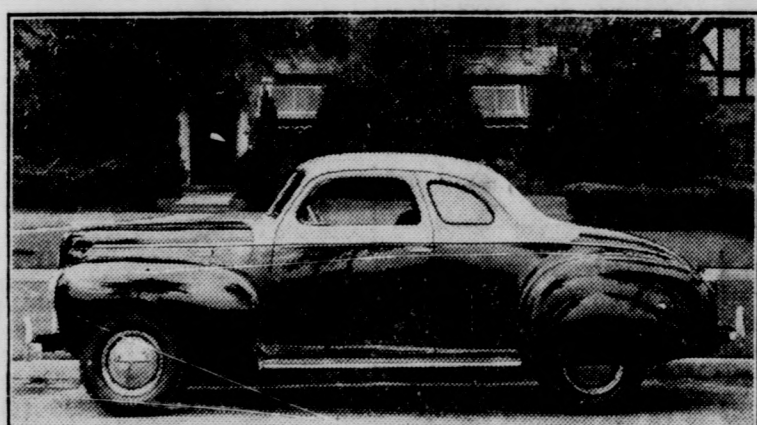

The following are the new officers: Past President, Victorene Boetto; President, Mrs. Frank Maloney; First Vice President, Mrs. Neal O. Callaghan; Second Vice President, Mrs. Carl Sparks; Third Vice President, Mrs. Josephine Alexander; Marshal, Miss Kay Morris; Recording Secretary, Mrs. Frances E. Maloney; Financial Secretary, Mrs. Joseph Loverich; Treasurer, Mrs. Catherine Derry; Organist, Miss Norma Guglielmoni; Inside Sentinel,

Mecca of Auto Tourists

The youngster in authentic Netherlands costume, and the 1940 De Soto in the background show the relative sizes of the exhibits in Little Netherlands, at Holland, Mich., where the twelfth annual Tulip Festival is being held. Three-quarters of a million visitors are expected by the little town of 15,000 in the eight-day period. Featured in the festival are folk songs, dances and pageants typical of the Low Countries.

Two-Tone is Chrysler's Latest

Chrysler, which was the pioneer in two-tone interiors, has recently added two-tone exteriors to its line. Here is a Windsor coupe in maroon and beige that is proving popular with motorists who seek something highly individual and snappy. Other combinations available are in greens, blues and grays. Wheel shields come with the two-tone jobs and are included in the slight extra cost.

Recreation Items Sought

MENLO PARK — El Camino takes precedence over Bayshore Hwy. so far as Menlo Park is concerned, its city council decided Tuesday as it refused to endorse a resolution for improving the Bayshore, as suggested to it by the San Mateo Chamber of Commerce.

Instead, upon the motion of Paul F. Bryant, the council voted to favor Bayshore Hwy. improvement following the insertion of the phrase—"after El Camino Real is improved."

Capt. Hugo May opposed this procedure, declaring:

"I think that as far as is possible, we should co-operate with our sister cities of the Peninsula."

The invitation extended by the San Mateo Chamber of Commerce to send representatives to a meeting there Friday morning of the California Highway Commission met with a lukewarm reception.

MAYOR REPRESENTS CITY "I don't see any mention of El Camino Real," said Bryant. "Could we talk it up?"

"No," replied Councilman Carroll; "There's no use."

Nevertheless, Mayor Joseph Day was appointed to represent the city at the highway commission meeting.

Mrs. Ben Rogers; Outside Sentinel, Mrs. Jack Doyle; Trustees, Mrs. Jack Fisher, Mrs. John Murray and Mrs. Henry Bartels. Gifts were presented the installing officers and the grand officers and Mrs. Catherine Derry, who instituted Menlo Parlor was also given a gift. Moving pictures of the Holy Land and Bali, also of the tree planting ceremony in Fremont Memorial Park by the Native Daughters, were shown by David Carlson. Mrs. Edna Crane Burchfield and Miss Victorene Boetto gave a short act entitled the Two Queens. Refreshments were served.

sion meeting.

The council authorized L. L. Sise, recreation official, and members of the recreation commission to go to Oakland to inspect playground equipment, formerly used at Neptune Beach in Alameda, and now offered to Menlo Park for \$350. The equipment is said to include swings, slides, and "merry-go-rounds," according to Mayor Day.

Two hundred fifty dollars was voted by the council to complete the tennis court at the new recreation center. This sum will provide for fencing, purchase of tennis net and uprights. An additional sum now in a Menlo Park bank will be used for playground purposes when it is secured, the council was told. Five hundred dollars originally was appropriated for construction of the tennis court.

SPFI ASKS \$500 A proposal that \$500 be granted to San Francisco Peninsula Inc. for the following year was submitted to the finance committee for study when the budget is drawn up.

City Atty. James T. O'Keefe's newest ordinance, legislation against establishment of auto trailer camps in the city, providing for a \$100 license fee when even applying for such a camp, was read to the council and referred to the planning commission for further study.

R. L. Flint submitted a written resignation as "secretary of the planning commission." Because it was not clear as to whether Mr. Flint was resigning as secretary of the commission or as a member of the commission, the communication was referred to the chairman of the planning group.

The council learned that its finance committee will work this week on the city's new budget and that it will be submitted at the August council meeting.

Better Life By Planning

Telesis, a group of young architects, city and regional planners, landscape and industrial designers who desire to picture the better life to a world which has grown complacent in its ignorance, will open its exhibit in the San Francisco Museum of Art next week. Among the sponsors is the Woodside-Atherton Garden Club. Although the group prefers to lose personalities in a common front, Corwin Mocine and William Spangle, San Mateo County Planning Commission technicians, are active members.

Telesis means, according to Webster, "progress intelligently planned and directed; the attainment of desired ends by the application of intelligent human effort to the means."

Telesis—the group—is young in point of view and personnel. According to its only announcement to date, its purpose "is to study the unorganized environment in which we find ourselves, make the average person aware of the richer possibilities of his home and his community, and point out the techniques by which a better environment can be achieved."

TO STUDY PROBLEMS

The exhibit is designed to show in general terms the environment needs of man and will continue through July and August. Following the exhibit the group plans to study specific problems of architecture and of city and regional planning in the Bay Area and to present the studies of these problems to the public in exhibits and publications.

The thesis of Telesis, it appears, is that all people suffer from shortcomings in at least one of their environments: the places where they work, live, or play, or in those services which integrate those environments—transportation, for instance.

To present the challenge of the better life, the Telesis exhibit, it is announced, will contrast poor working and living conditions with those on a higher plane; inadequate recreation facilities with those which meet particular requirements; and unorganized services (traffic, transportation, communication, stores, etc.) with a co-ordinated system made possible through modern techniques.

PHOTOS, MAPS, DRAWINGS

Photos, drawings, maps and printed material will be used to voice the challenge; the benefits of city, regional, state and national planning, modern technology in rural and low-cost housing groups, industrial and architectural design services will be explained as the means of achieving intelligent progress.

Planning machinery and technical knowledge, Mocine believes, will solve environmental problems once those problems are recognized, and recognition of that fact that all is not well is the starting point of Telesis. Telesis' exhibit will be previewed Monday and opened to the public Tuesday.

ted at the August council meeting.

Captain May called the attention of the council to the fact that the American flag had been corrected by the addition of three stars, thanks to the seamstress work of Mrs. Sarah Moore.

Vacation Note

The spare tire in a 1940 De Soto, mounted vertically and at one side of the luggage locker, leaves more room for baggage and is readily available when needed without unloading the contents of the locker. Another advantage enjoyed by De Soto vacationists is the illumination provided for the interior of the baggage compartment.

Another R.C. Man Develops New-Principle Motor

What may prove to be a strange coincidence—nearly simultaneous invention of a new-principle motor by two men in the same town—came to light today when D. C. Spear, Belmont Ave. and Milton St., Redwood City, announced that he had developed a device which apparently was similar to that recently disclosed by Jawn R. Hall, 629 Madison Ave.

Having read a general description

of the principle of Hall's motor, Spear said that the idea sounded like one he had been working on for seven years and that he now was nearing completion of a working model in a shop at First Ave. and Middlefield Rd.

However, because neither he nor Hall will reveal exact principles of their inventions, it may not be known for some time if they are the same. Neither motor has been patented, although both men have employed attorneys to seek patents on the developments.

Spear, an upkeep carpenter at Pacific Portland Cement Co.'s plant and owner of Wimpy's

Marketing Professor Addresses Kiwanians

Harry R. Tosdal, professor of marketing, Graduate School of Business Administration, Harvard University, spoke to the Redwood City Kiwanis Club at its regular luncheon meeting yesterday, explaining a recent survey made by the School of Business among sales people in respect to sales managers under whom they worked.

T. Clark Rice, county recorder, was introduced as a new member of the club by Clarence M. Doysee. After the introduction a birthday cake was presented to Rice, yesterday being his birthday. With expression of thanks Rice attempted to cut the cake which turned out to be a beautifully decorated inverted pan.

Another feature of the program was the introduction of the four winners of Sunday's Soap Box Derby. A. H. Davis, one of the sponsors of the derby, introduced the boys. In addition to winners other boys who were sponsored by members of the club were introduced. Next Sunday the boys will compete in the Northern California finals which will take place at Treasure Island.

The club members visited Treasure Island last evening. A special dinner was arranged at the Island Club after which attractions of the Island were viewed.

Under the new Pacific Coast Conference athletic code, student jobs for athletes cannot pay more than \$50 a month.

Consumption of commercial ice cream has increased more than 60 per cent in the United States in the last 20 years.

'True' Tax Rates Told

While county officials today pondered departmental requests for the 1940-41 budget, the Division of Research and Statistics, State Board of Equalization, published a statistical analysis of 1938-39 taxes showing the true tax rate, based on true value of property and including city, county and school taxes, in that year was \$1.80.

This was 41st from the lowest true tax rate, 53 cents in Mono County. Highest tax was in Alameda County at \$2.46. Other comparative figures: San Francisco \$2.01, Santa Clara County \$1.80, Contra Costa County \$1.74, Marin County \$1.81 and Santa Cruz County \$1.83.

The general property county tax was \$1,226,513; special taxes, including schools, \$1,878,223; city taxes, \$984,397; and school taxes \$1,670,808. Total tax burden, exclusive of special assessments, was \$4,089,133.

True tax rates for the various totals above: general county, 54 cents, schools 74 cents, cities 43 cents, and special taxes, including schools, 83 cents. Only 9 counties showed a higher true tax rate for schools while 47 showed a higher rate for general county purposes.

The figures were released by County Assessor Martin Flynn.

Hamburger Stand, said that he had had the basic principle of his turbine-combustion engine reduced to drawings three years ago when he consulted pattern makers in San Jose regarding building a model. Construction of an actual model was begun four months ago, he said. When it is completed, then he will have his attorney, Arlington C. White of San Francisco, complete a patent application, he said.

NSGW for Ceremony

HALF MOON BAY—Joint installation of Vista del Mar 155, Native Daughters of the Golden West, and the Seaside Native Sons of the Golden West was held Tuesday evening in the IOOF Hall.

Mr. and Mrs. M. R. Mattei, deputies to the local parlor installed the officers. Mrs. Bernard Bernasque of Bonita Parlor, supervising district deputy grand president of San Mateo County, and Mr. Bernasque were visitors.

Miss Pauline Marsh and Andrew Gilcrest were installed as presidents of the Half Moon Bay parlors. Miss Edna Mae Marsh gave two vocal solos and Miss Lillian Petroni tap-danced. Billy Miramontes played his accordion.

Increased Emphasis
On Americanism Slated

California overseas veterans will be asked to "increase the tempo of their Americanism teachings and the organization's efforts to keep the nation's defense program intact" when Clayton H. Heald of Redwood City meets with other council members of the Veterans of Foreign Wars in San Francisco Sunday.

Inspired by the action at the Oakland convention last month dealing with national defense and subversive elements, 15 council members have been summoned by Dept. Comm. Harold Gustafson to delve into the department's 1940-41 policy and to reaffirm the determination of the Veterans of Foreign Wars to rid this country of foreign "isms," and to offer their services once again, in any capacity, should the need arise.

"America can look to the veterans for a helping hand in solving the overwhelming problems that this land of ours is facing today. This became certain as the policies and added activities that have been undertaken by the Veterans of Foreign Wars unfolded in talks and resolutions at our convention held in Oakland," said Heald.

BABY SCORES TWICE
HOUSTON, Tex. (AP) — Baby Florence Eugene Barron was born on her father's birthday at 3:38 a.m. And her mother was in infirmary room No. 338.

"WISH I COULD SEE THEM ALL,"

says Helen

Showing the grace and form that have made her the world's champion woman diver, pretty Helen Crenkovich, bound for an eastern tour, admires (upper picture) the new Standard Oil color reproductions of Western scenic glories. "I'd rather see these places than all the rest of the country put together," she said. "Maybe next year I can." Standard's color pictures are being distributed free to motorists by Standard Service Men everywhere.

Gertrude Lawrence Starred in Comedy

The coming of Gertrude Lawrence to the Curran Theater in San Francisco for a limited engagement starting Monday, July 29, is held as an important event. No star of the legitimate stage is held in greater favor than is this distinguished comedienne from overseas.

Two years ago Miss Lawrence became the toast of the town in Rachel Crother's play, "Susan and God." Now she is to be seen in Samson Raphaelson's comedy, "Skylark," which enjoyed a highly successful season at the Morosco Theater in New York and comes to San Francisco directly following the long Broadway run. In New York critics were eulogistic in their praise of both star and play.

"Skylark" has to do with the successful effort of a young matron to hold her husband. The rival is business. Tony Kenyon is really in love with his wife, but his advertising agency has made her a business widow. In solving this domestic problem, Mr. Raphaelson, the author also of "The Jazz Singer" and "Accent on Youth," has written a brilliant comedy with sparkling dialogue and adroit situations. It affords Miss Lawrence opportunity for display of her personal charm and unimitable ability as comedienne.

Producer John Golden has made arrangements to take care of out-of-town reservations both through the mail and at the box office.

Charles (Chuck) Kocsis, former Walker Cup golfer, has joined the ranks of professional golfers in Michigan.

Modesty demands that Balinese women wear ankle-length skirts, but they wear no waists.

'Meet the People' Opens on Monday

"The all-American hit musical revue of 1940" has been the description of national magazines and columnists when writing about "Meet the People," which opened at the Geary Theater in San Francisco Monday.

The production, a topical musical revue, has registered a run of 30 weeks in Hollywood, longest ever achieved by any revue on the Pacific Coast.

The cast is composed of young professionals who had come to Hollywood in quest of fame and fortune but hadn't been able to get a hearing from the film industry. Some worked occasionally in bit roles and as extras.

When the word got about that a new organization, the Hollywood Theater Alliance, intended to put on a topical revue and would select its cast on the basis of actual talent, ambitious youngsters flocked to the auditions.

Result was the assembling of a cast so brilliant that when the show opened studios began offering contracts. Only two of the 27 members of the cast deserted the show for the movie gold.

Dozen Recipes Usable For Roma Macaroni

To bring a greater and a more healthful variety to your meals, choose Roma Brand Macaroni, Vegetable Macaroni, Egg Noodles or spaghetti and prepare in any one of a dozen delectable ways. Your family will welcome the change and you'll find Roma Brand a tonic for padded appetites. At your grocer ask for ROMA Roma Brand in cellophane bags.

Ice Show To End Run in Two Weeks

The current appearance of the dazzling Ice Follies, now playing nightly at Winterland, San Francisco, will end in two weeks.

More than 170,000 persons have seen the newest edition of the famous ice show. However, the Ice Follies plays in 20 other North American cities and previous bookings make the local closing necessary.

"Hit of the San Francisco mainland," the Ice Follies has drawn many people back time after time. Reason for this, according to observers, is the beauty, grace and rhythm of the championship skating, masterfully combined into a lavish entertainment by the show's producer-stars, Eddie Shipstad, Oscar Johnson and Roy Shipstad.

In the opening number, which is called "Arctic Fantasy," two ensemble groups, a comedy group, a comedy single number and a dazzling pair skating act appear.

Settings are spectacular, with igloos reproduced from the far North and northern lights in the background.

Bess Ehrhardt, "America's sweetheart of the ice," Roy Shipstad, American champion; the famous Evelyn Chandler; Oscar Johnson; Eddie Shipstad; Osborn Colson, Canadian champion; Fran Claudet; Rudy and Bobby Maxson and others who appeared with the show last year are here again.

Ice Follies tickets are available for every performance at Winterland, Walnut 0112; at Sherman Clay box offices in San Francisco and Oakland, and by mail to Winterland, Post and Steiner St., San Francisco. (Also at The Peninsula Box Office: 542 Ramona St., Palo Alto; P. A. 22122.)

PUBLIC NOTICE

Cuthbert B. Currie, Atty.
NOTICE OF HEARING OF PETITION FOR ORDER TO EXECUTE PROMISSORY NOTE AND DEED OF TRUST.
No. 8832—Dept. 2

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO.

In the Matter of the Estate of FRED W. NICHOLS, also known as F. W. NICHOLS, Deceased.
NOTICE IS HEREBY GIVEN that MATILDA NICHOLS, administratrix of the Estate of Fred W. Nichols, also known as F. W. Nichols, deceased, has filed with the above entitled court, in the above entitled matter, her verified petition, praying for an order of said court, authorizing her to execute a promissory note and deed of trust on certain real property of the Estate of said decedent, and that Monday, the 29th day of July, 1940, at the hour of 10 o'clock a.m. of said day, at the courtroom of said court, department 2 thereof, at the Court House at Redwood City, County of San Mateo, State of California, has been set as the time and place for the hearing of said petition; and all persons interested are notified to appear at said time and place and show cause, if any they have, why the order prayed for in said petition should not be made.

Reference is hereby made to said petition for further particulars.

Dated: July 11, 1940.

W. H. AUGUSTUS,
County Clerk.

Few Accidents Reported Over Weekend Here

Despite heavy traffic, accidents were few on Peninsula highways over the weekend.

When a Pacific Greyhound Bus driven by Frederick S. Hall, 21, San Francisco, rammed the rear end of the machine of Rosewell F. Ogden Jr., San Mateo Sunday morning as Ogden stopped suddenly when the signal on El Camino Real at 12th Ave., San Mateo, changed, Mrs. Emma Haskins, 75, San Francisco, was thrown to the floor of the bus and bruised slightly.

Jim Aristad, 42, Memorial Park WPA worker, suffered a broken leg, fractured arm, and skull fracture Saturday night when struck down by an auto on Bayshore Hwy. at Brisbane, patrolmen said. Driver of the machine, John Hovey, 33, Burlingame, was exonerated by patrolmen, who said Aristad walked directly in front of Hovey's car.

Soil Removal Called Nuisance; Halt Asked

Dist. Atty. Gilbert D. Ferrell has notified the land-owner and contractor involved in an excavation job in Bayshore City near the Livestock Pavilion that their work is creating a nuisance in the form of huge clouds of dust which float over nearby houses, and directed them to abate the nuisance immediately.

Yesterday three residents of Rio Verde Ave., Bayshore City, called on Ferrell to protest that the dust raised by trucks driving to and from a pit where topsoil is being removed has made their home uninhabitable. Ferrell requested the county road department to make an inspection, and it was discovered the principal source of the dust is the roadway from Rio Verde St. to the pit.

The contractor is Rosenberg Bros. Grading Co., 12 Oak Grove Ave., San Francisco. The land is owned by Ratterree Bros. Co., a real estate firm located at 2916

Boy Stranded 7 Hours In Bay Duck Blind

SAN MATEO—Raymond Mathias, 13, Mountain View, stranded while fishing in a duck blind off Coyote Point yesterday afternoon, was finally rescued about 9 o'clock last night by F. G. Bank Sr., who picked him up with a yacht he moors at the Port of Redwood City. Mathias, with his brother, Lawrence, 17, and Yoshikau Yamada, 19, both of Mountain View, was fishing when their rowboat broke away from its moorings. The two older boys swam after it, then were unable to return to the blind because of rough water. Raymond was brought to shore nearly seven hours after his companions left him.

Geneva Ave., San Francisco. The soil assertedly is being used on San Francisco school grounds.

Ferrell said he saw no cause for action on the grounds that the soil removal is denuding the area.

Mrs. Dora Noring Is Taken by Death

Mrs. Dora Noring, 270 Vera Ave., Redwood City died at her home Sunday. She was 89 and had been a resident of Redwood City 15 years.

Mrs. Noring was the widow of

Louis Noring, army man and veteran of the Indian wars. She was the sister of Maria Fey.

Industry

Big Contract
For Foundry

SOUTH SAN FRANCISCO—Another shot in the arm was given South San Francisco industrial activity today with announcement that a \$2,500,000 contract had been awarded the Enterprise Engine Co. of San Francisco, with the South San Francisco plant of the firm, Enterprise Foundry Co., sharing in the new navy expansion project.

The Enterprise firm will supply twin 700-horsepower electric diesel engines for each of 12 new naval auxiliary vessels, 140 feet in length and of 30 foot beam. General Engineering and Drydock Co. of San Francisco was awarded a \$2,000,000 contract for construction of four of the ships.

Charles Hayne Jr., superintendent of the Enterprise Foundry at South San Francisco, said that the diesel contract would be shared by the foundry to the extent of about a quarter of a million dollars.

Hayne pointed out that employment at the plant had jumped from 90 to 140 in the past six weeks, and that "it may be up to 200 within six months" if current activity keeps up.

"We are trying to employ as many local men as possible," Hayne said. "We are geared for an almost unlimited step-up in production if orders warrant," he added.

The foundry will cast the steel bearings, connecting rods and connecting rod bearings for the new diesel engines; also the aluminum piston covers and brass fittings.

Many Events Listed For Dedication

SAN CARLOS — Baseball games, athletic and archery contests, dedication and flag ceremony as principal features of the dedication Sunday of the new monies, a picnic dinner and a San Carlos Recreation Center.

The program released today is as follows:

11 a. m. Baseball game, San Carlos vs. H.O.L.C.

1 p. m. Athletic contests for boys, girls and adults, to include baseball throwing, base running, 25-yard dash, 50-yard dash, potato race, sack race, paper bag race, cigarette race; Boy Scout intertroop competitions; Archery contests, Fulton Woodbridge, chairman; horse shoe pitching contests, George Lagomarsino, chairman; tennis, singles and doubles, Al Mueller, chairman.

3 p. m. Dedication ceremonies, L. J. Tobey, chairman—opening remarks, Mr. Tobey; invocation, Rev. R. B. Cherington; welcome, Walter Moltke; introduction of guests; address, Charles W. Davis, administrator of recreation, California Commission, Golden Gate International Exposition; dedication of park, Mayor A. H. Sagehorn; dedication of horse shoe court, H. F. Wrigley Sr., president, Lions Club; dedication of drinking fountain, Gordon Bye, president, San Carlos Athletic Club; dedication of second drinking fountain, Edward J. Wheeler, chief of fire and police departments; 30 seconds silence for late Mayor Asa Hull; benediction.

4 p. m. Women's soft ball game (5 innings) between Carlosians and Junior Matrons.

5 p. m. Lowering the flag ceremony, San Carlos - Belmont American Legion.

This will include parade rest by bugler; flag lowering by Scouts with flag playing "Re-treat"; presentation of flag to George Forbes by Arthur N. Gamble on behalf of the Community Club; presentation of pole to Forbes by A. E. Rishel, president, San Carlos Players; mess call by bugler; announcements, Edward Moyle.

5:30 p. m. Picnic dinner, Edwin Moyle, chairman; L. B. Waters, chairman of grounds and refreshments; A. L. McWhirter, master of ceremonies.

7 p. m. Community sing. A large number of organizations and individuals have made the park and the program possible. The flag pole was given by the Players' Club; the flag by the Community Club; the horse shoe court by the Lions Club; the archery court by the San Carlos Archery Club; the drinking fountains by the Athletic Club and the Volunteer Fire Department; flower decorations by the Garden Club.

Senior hostesses will be led by Mrs. Walter Moltke, junior hostesses by Miss Jeanne Waters. Boy Scouts will act as ushers and guides. Active in arrangements have been George Forbes, chairman, San Carlos Recreation Committee; Walter Moltke, chairman, dedication committee; E. R. Burton, chairman, athletic contests; George Boyce, chairman, ways and means committee; Martin Sword, chairman, boys' and girls' committees; Ray Darling, chairman, grounds and accommodations; Arthur N. Gamble, chairman, decorations; Chief E. J. Wheeler, traffic and parking.

"WHERE VALUES MAKE FRIENDS"

30 Cases of Eggs Scrambled in Crash

San Bruno staged an impromptu "egg day" Saturday afternoon with motorists, passers-by and the general citizenry gathering "from miles around" to reap the harvest.

Old hats, coat pockets, baskets and what have you were brought into use when 30 cases, each containing 24 dozen eggs, were dumped off a Redwood City

man's truck on El Camino Real at San Bruno Ave. as a result of a collision.

The police department was called to straighten out the tangled traffic situation, and, incidentally, to prevent a riot. Officer James Bedford was the target for someone who started throwing eggs, but he ducked and the missile struck a delivery boy who abandoned his duties in favor of collecting some food for breakfast.

Traffic was detoured for a half-hour, and the San Bruno

Fire Department was called out to wash the scrambled eggs from the highway.

Said one motorist: "Lucky today wasn't a scorcher; we'd have had a community omelet with the highway as a frying pan."

The "egg fiesta" resulted when the truck driven by Russell Langdon, 35, 1313 Jefferson Ave., Redwood City, stopped on the highway preparatory to making a left turn. But Louis Pagano, 45, of Colma, coming up behind Langdon, couldn't stop in time

ADMITTS BURGLARY CHARGE

Reese Imobersteg, 19, San Mateo clerk accused of stealing five band instruments from San Mateo High School May 10, pleaded guilty in superior court Monday afternoon to charges of second degree burglary. Judge A. R. Cotton continued the case two weeks on a motion for probation.

and crashed into the rear of the egg-laden vehicle.

There were no arrests, no injuries—just scrambled eggs.

Grazing Land Sold For New Subdivision

Flood Realty Co. has sold to Ray S. E. Button 199 acres of land between Junipero Serra and Skyline Blvds. near the California golf course at Baden. Indicated price was \$15,000. The land, hillside property, is used for grazing, but will become a residential subdivision, according to Button, owner of the Mission Hotel in San Francisco and developer of 400 acres in Marin County.

County Takes Top Honors in FHA Construction

Home Building

Bay Region Record Is Made

San Mateo County, which was revealed this week to have led all counties in the Bay Area in population gain between 1930 and 1940, today was disclosed to have clinched top honors for the greatest gain in number of homes built under FHA inspection for the first half of this year.

The increase in San Mateo County was 91 per cent—a gain of \$2,455,500 in the amount invested in new homes over the first half of last year.

Homes built under FHA inspection in Northern California hit an all-time high during the first half of this year, according to D. C. McGinness, district director of the Federal Housing Administration.

Mortgages selected for FHA appraisal show that the number of houses built leaped to a gain of 55 per cent over the same period last year, with an increase of \$13,037,300 in the amount invested in residential construction.

HOME HIGHLIGHTS

Have you a match scratcher in your home? If so, and if he has left match marks on woodwork, you can remove them by rubbing with lemon. To prevent future marks, make the scratcher eat the lemon.

tion under the insured mortgage system.

The records show mortgages aggregating \$39,083,100 selected on 8744 homes built under FHA inspection from approved plans and specifications during the six months' period within the 46 counties of the Northern California district.

This compares to 5631 new homes, for a total of \$26,045,800, during the first half of 1939, and 3986 new homes, aggregating \$19,236,300, in the first six months of 1938.

Including new homes not built under FHA inspection but financed by insured mortgages after completion, and existing dwellings refinanced, comparative half-year records show a total of 11,045 homes for \$48,954,200 in 1940 and 8808 homes for \$39,584,000 in the first half of 1939.

San Francisco was second to San Mateo County, with an increase of 84 per cent in number and an increased investment in new homes of \$4,067,400, while Alameda County shows an increase of 49 per cent in number of new FHA homes and an increased investment of \$1,999,500, over the first six months of 1939.

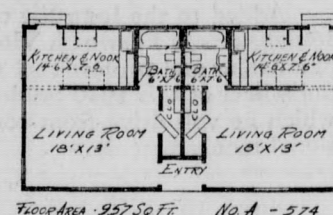

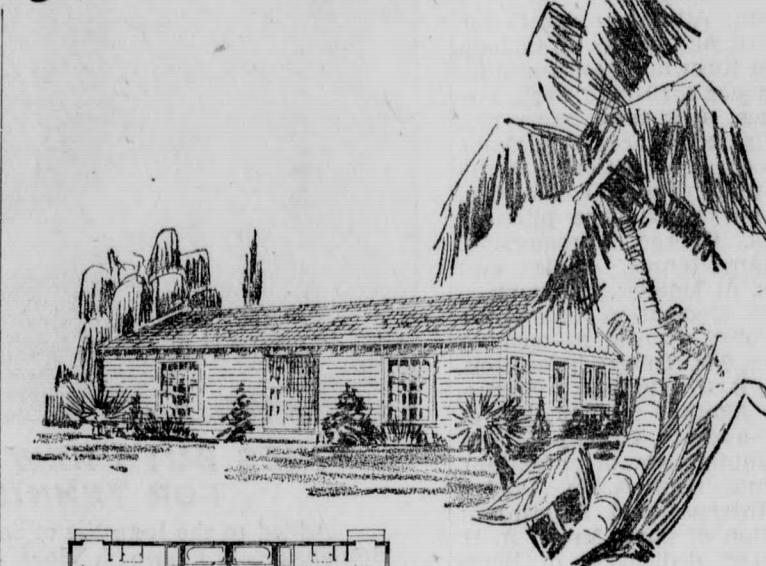

Dwelling Designed for Defense Program

Departing from the series of modern California designs for individual small family homes subject to long-term FHA-insured loans, Northern California Homes Foundation has issued a design created by retail lumber dealers for the housing needs of the national defense program.

This design, the "Planewing," is for a two-family dwelling that may be rapidly and economically built and yet provide for living comfort and convenience and present an attractive appearance.

"National leaders in Washington are rushing organization of a new program of housing closely geared to the manufacturing, shipping and military phases of the general defense program," states Bernard B. Barber, chairman of Northern California Homes Foundation. "This question is of major concern because it is remembered that during the last war housing shortages became a major handicap to rearmament, and desperate last-minute efforts had to be made to provide dwellings for war-industry workers. Today conditions are even more serious, as vacancy percentages are far lower in urban areas than they were in 1917."

"However, the building industry is today far better organized and equipped to provide the housing required by the defense program than it was 23 years ago. Building is a local industry,

Two-story 32'5" x 42' 10" A - 574

commonly centering in the local retail lumber merchant. In 1917 only a small number of lumbermen were equipped to do more than warehouse building materials. In 1940 the typical California lumber merchant has complete design, financing and building services, carries a vast variety of building materials, and is prepared to take through to completion any building job in the housing field.

"The entire building industry, in fact, is immeasurably better prepared to meet local housing emergencies than it was in 1917. Its units have been co-ordinated through the Federal Housing Administration and other government agencies concerned with housing supply. Building materials and practices have been standardized. New machines and power tools have greatly increased the speed of the average

building operation and have made for more accurate and substantial construction. In every California locality the erection of such dwellings for industrial employees as the Planewing can be carried on at a rate to meet the emergency housing demands of the defense effort.

"This type of dwelling is advocated for such purposes, instead of the flats that were so hastily thrown up for war workers in 1917 in already congested urban areas. This is the day of the highway and the automobile and the dwelling in suburb or country for the industrial employee. Emergency housing should be geared to this situation."

Information and service on the Planewing design may be had through retail lumber dealers or from Northern California Homes Foundation, 1833 Broadway, Fresno, Calif.

Specially-Designed 'Minimum' Home Has High Value to Mr. & Mrs. Smallbudget

Utility

High Quality In Low Cost

By MARION YOUNG
NEA Service Staff Correspondent
NEW YORK—Architects and interior designers have taken the home building and home furnishings problems of those with modest budgets seriously to heart this year.

Never before have models for low-cost houses been equally attractive and practical.

For instance, in "Minimum House," at the World's Fair, Joseph Aronson, famous interior designer, has managed to provide four rooms and bath for a family of four that are charming, comfortable and practical.

So cleverly are the rooms arranged and furnished that you aren't even tempted to wonder whether the four rooms will seem crowded as the two children grow older.

BED IS DOUBLE-DECKER

The twin's room is particularly noteworthy. In this, Mr. Aronson uses modern furniture, just as in the other rooms in the house. It is sturdy modern, however, obviously capable of withstanding the "rough-housing" the twins will go in for in later years.

The double-deck bunk beds occupy only a corner and leave

This is the "twin's room" in a compact, functional, attractive little four-room house, suitable for a family of four. Double-deck beds occupy only a corner of the room, leaving a large play area. The play bench under the window is covered with the sturdy blue, washable material used on the floor. Shelves and storage boxes for toys help teach neatness.

most of the room for play area. Under the corner window, a large play bench is covered with the same sturdy, blue washable covering as the floor. Toy shelves

near the bunks are tied to provide

safe and easy steps to the upper bed.

Touch, washable leatherette forms a dado to protect the lower quarter of the walls. Above the dado the walls are off-white.

Printed curtains are used at the windows. Small table and chairs are of stout white ash to match the beds and shelves.

Two other bright, new low-cost houses also are featured. And

Simplicity

Arrangement Is Practical

these are tangible evidence that any family with an income of from \$1500 to \$2000 a year can now own a spic-and-span house for a monthly outlay of about \$20. Both were built under the sponsorship of the Federal Housing Administration.

TRY OUT HOUSES

They are dream houses, but dream houses in spirit only, for into them have gone the best materials, labor and design that the building industry affords. From the peaks of their brightly colored, fire-protective, asphalt-shingled roofs to their staunch masonry basements, they have been built to withstand long wear and hard use.

For a week at a time, during Summer and Fall, two typical American families, representing each of the 48 states, will occupy the houses. Every Monday, two families will move into the two smart little homes. At the end of the week, they will move out and two more families will move in. Thus, typical American families are having a chance to see what's new in housing, and the Fair is having a real chance to get acquainted with people representing a true cross-section of American life.

Coroner Cases

Three Deaths Investigated

Three deaths from other than natural causes were reported to Coroner William F. Crosby's ofice over the weekend.

They were the deaths of: Raymond J. White, about 60, 334 High St., Palo Alto.

Thomas Hallenbeck Jr., 11, San Francisco.

Ernest Peterson, 46, San Francisco.

Death of Mr. White, a retired mechanic for the Palo Alto Municipal Utilities Department, was attributed to a heart condition, aggravated by food poisoning. He died in his machine at Half Moon Bay Saturday evening a few minutes after consulting a physician, whom he told he had become ill shortly after eating some canned fish at his cabin at Native Sons Park, where he was staying. He had driven to the doctor's office, been treated, and had returned to his car when death came. He leaves a brother, Joseph, of the same Palo Alto address. The body was taken to the Tinney Funeral Home, Palo Alto.

Young Hallenbeck, son of a South San Francisco steel worker, died in South San Francisco Hospital Saturday of blood poisoning and a ruptured bladder, an autopsy showed. The injuries were incurred two weeks ago today when the lad fell off a slide at a playground in San Francisco.

Mr. Peterson, one of four men injured in a mishap at the P. G. & E. plant in South San Francisco Saturday, died at 9:15 a. m. Sunday of his burns. Condition of the others, including R. C. Lowry, 1571 James Ave., Redwood City, was improved. The other two were San Francisco men.

KAY ESTATE APPRAISED

Alfred Scott Kay, Atherton, Bank of America executive who died Apr. 13, left an estate appraised in superior court by James A. Lee today at \$13,103.75 in securities and a joint tenancy interest in \$22,500 worth of Atherton real estate.

Murray Court

8 Homes Now Being Built

With eight houses under construction at the present time, Lawrence H. Smith, 369 Cedar St., San Carlos, is developing the Murray Tract in Redwood City. Six of the homes, which are located on Central Ave. near the Washington School, have already been sold before completion. They will be known as Murray Court.

Smith, whose specialty is building homes, has been a contractor in San Carlos and Redwood City for four years. He uses the slogan, "Homes at Wholesale." He is now building his 15th house of the year.

Five carpenters and one laborer are in Smith's employ. Painters who work for him are employed on sub-contracts.

Newspaper Ads

Best Home Sellers

BILOXI, Miss. — Newspaper advertising has been the most effective means of selling thousands of Home Owners' Loan Corporation homes, Howard Acton, director of Public Relations of the Federal Home Loan Bank, told the convention of the National Association of Newspaper Classified Advertising Managers meeting here.

"Spokesmen for the 25,000 most progressive real estate brokers of the nation who handle HOLC properties are unanimous in their unqualified praise of classified and display real estate advertising in newspapers," he declared.

How to murder carpet moths: Ring a coarse towel out of clean water, spread thin on carpet and iron dry with a hot iron. No need to press hard. The steam will blitzkrieg this "fifth column" of the home.

Don't leave cleaning up the garden until just before you want to start it again.

Four Fires Put Out By M. P. Department

MENLO PARK — Four fires, among them one started by a hobo, and another believed to have been started by youthful pranksters, were reported Monday by Fire Chief Thomas F. Cuff of the Menlo Park Fire District.

At 6:30 p.m. Saturday a grass fire broke out in Atherton at Tuscaloosa and Austin Aves. as the result of careless burning.

At 7:20 p.m. a grass fire started along the railroad right-of-way at Glendale Ave. near Fifth Ave. north of Atherton. Firemen fought this fire and another which started close to it. Children told Fire Chief Cuff they had seen a tramp start both fires.

Early Sunday a pile of hay which had been moved to the middle of Loyola Ave. near El Camino Real was ignited in the middle of the highway. No alarm was sounded, the hay burning itself out without damage. A girl told investigating officers she believed the hay was piled up

Claimants Sought For Insurance Funds

Plans for getting in touch with claimants who may be entitled to monthly insurance payments under the federal Social Security Act were announced today by C. V. Carlson, manager of the San Mateo office of the Social Security Board. Carlson said attention will be given to informing widows and children of insured workers who have died since Jan. 1 of the insurance payments now provided.

The San Mateo office, 308 Baldwin Ave., receives claims from families entitled to insurance payments and also from eligible workers who have attained age 65 and have had sufficient employment to entitle them to monthly payments upon retirement.

and ignited by college boys.

Sunday night at 6:30 o'clock a davenport in a Felton Gables home at Lennox Ave. near Tudor caught on fire. Ashes from a cigarette were responsible. Damage was estimated at \$15.

ECZEMA or SKIN DISEASES

any more by using our Chinese herbal treatment

No matter how long you have been suffering or what you have tried, our CHINESE HERBS can positively help you in any form of skin diseases, such as Eczema, Hives, Poison Oak, Ringworm, Rash, etc. Many others have secured wonderful results and were completely well by taking our CHINESE HERBAL TREATMENTS after suffering in despair for years. The following testimonial proves what we have done for others we can do for you.

Yee & Ko Herb Co.
Dear Sir: I want to thank you for curing my hands of eczema. After suffering for 35 years with cracked, bleeding hands and waking up in the night with terribly itching hands, it's no wonder I am thankful to you. I have tried doctor after doctor, everything advertised for eczema in papers; in fact, I tried everything, and after the first three doses of your medicine I could see my hands get better. After about five weeks of your medicine, my hands are entirely well and haven't any sign of it coming back.

Again I thank you. I am, sincerely yours,
(Signed) MRS. M. BABCOCK, Vaughn, Wash.

DR. CAMPBELL, Dentist

SAYS: "So intimate to one's everyday life and so important to one's appearance are

DENTAL PLATES

that everywhere dentists are using and recommending the new TRANSPARENT DENTAL PLATE MATERIALS.

For sheer beauty, naturalness and daintiness they are unique. Mere words do not suffice to describe the artistry shown in the clever blending of color tones that make them so life-like, so gratifying to the eye and so well adapted to their purpose that one can well understand why they are being so enthusiastically endorsed by many members of our dental profession, and why we are proud

of such a great factor that does so much to enable us to make dental plates that are nearer in appearance to nature's own tissues than many materials formerly used.

Transparent Dental Plate Material

Means so much to you! Dentists everywhere are using it in making plates and praising it for these qualities

1. LIGHTWEIGHT... yet practically unbreakable—so strong the palate can be made thin—clear, transparent and dainty.
2. SIMILARITY in color to nature's own gums being so great, results can be obtained that defy detection.
3. SNUG FIT possible, due to adaptability of transparent material to each individual mouth.
4. SMOOTH glossy finish made possible so that plates can easily be kept clean.

REASONABLE PRICES

Sun Deck Good On Top of Garage

In planning a new home with an attached garage, care should be taken to effect the graceful merging of the garage into the picture as a whole. If the house is to be of modern or Spanish design and the garage follows the same flat-roofed architectural style, this may be accomplished by arranging a sun deck on top of the garage. An outside stairway, running up against the wall, will give access to the sun deck.

Intelligent selection of the paints used on a garage help to create the harmonizing single-unit impression. Colors that blend or contrast with the exterior color of the house should be used on the garage. If attractive architectural features of the house are emphasized with a distinct color, the garage may take this emphasizing color for its walls or it may benefit from a third or harmonizing tint.

Local Dealer Visits L. A. Furniture Mart

W. D. Ryan leaves tomorrow for the Los Angeles Furniture Market Week. There he will see new styles in furniture and allied products at the Los Angeles Furniture Mart.

Ryan said that there are five acres of floor space in the huge exhibition building which will be crowded with display by nearly 300 manufacturers. The semi-annual events in Los Angeles give him an opportunity to keep in touch with new trends in decoration.

"It is our desire to present in Redwood City the latest in home furnishings and by attending these furniture shows we are able to obtain the newest at all times," Ryan said.

So seed of hardy annuals on the frozen ground in the garden for the earliest start. You can do this with any variety which self-sows freely.

New Book Published On Flower Arranging

New importance has been given the increasingly popular interest in flower arranging through the recent publication of a new book, "Flower Arranging—A Fascinating Hobby," written by Laura Lee Burroughs, who shows herself to be an expert in her art. The book contains 56 pages, including 48 photographs of flower designs exquisitely reproduced in full color.

Each photograph is accompanied by a small black and white sketch for the particular design illustrated. In the foreword, Mrs. Burroughs points out the fact that the purpose of the book is to stimulate its readers to create their own designs, using their own garden flowers. In other words, to express their own tastes and personality.

The book is published by The Coca-Cola Company. It is offered for 10 cents to those who write The Coca-Cola Company, Atlanta, Ga.

Plan for another crop in the rows vacated by radishes, spinach and peas.

Bank Gains Title To S. C. Subdivisions

With the filing of a deed with the county recorder, the Anglo California National Bank of San Francisco has acquired title to extensive holdings in and around San Carlos of the Consolidated Development Co. of San Francisco, which defaulted in payment of promissory notes.

The bank, creditor of the development company, purchased the property for \$250,000 at public auction conducted by Western American Realty Co., trustee of the property. Proceeds were turned over to the bank as creditor.

The property includes acreage in Brittan Park, Howard Park, Sunset Highlands, White Oaks and Oak Park, all San Carlos subdivisions, and lesser holdings in Palo Alto Park at East Palo Alto, and in San Bruno.

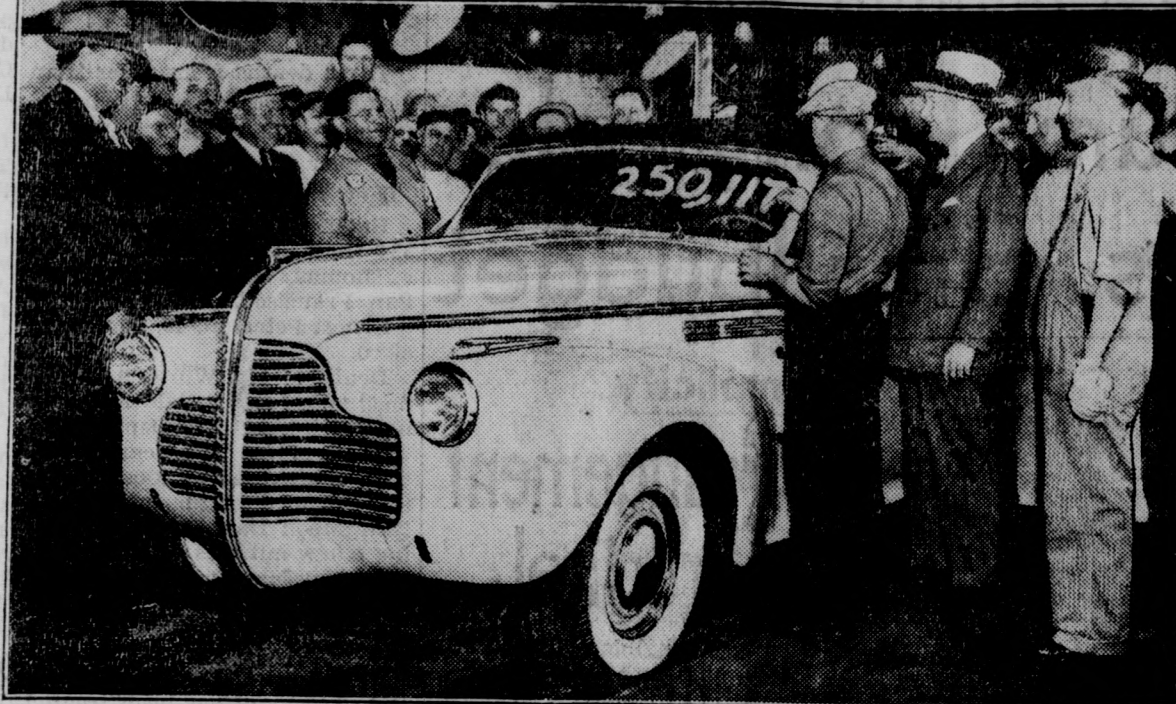

F. A. Gelbmann Dies After Illness

Franz A. Gelbmann, former operator with his brother of Gelbmann's Market here but for the past four years chief butcher on the liner President Cleveland, passed away at 6:30 a.m. Sunday at Marine Hospital in San Francisco after an 8-week illness.

Mr. Gelbmann, who was 49, lived at 648 Cassia St., Redwood City. He had resided here since 1923.

Mr. Gelbmann leaves his wife, Teresa; four brothers, Harry Gelbmann, Redwood City meat market proprietor; Anton Gelbmann of San Fernando, Henry Gelbmann of South America, and Julius Gelbmann, San Francisco, and a sister, Mrs. Anna Koenig, Tacoma, Wash.

Buick Breaks All Time Production Record

WHEN BUICK'S 1940 model Number 250,117 rolled off the assembly line this week the all time high production record, established in 1927, was exceeded and this manufacturer moved into new high ground from a volume standpoint. Photo shows the milestone car moving off the assembly line in Flint in the presence of company executives and workmen. At the extreme left are W. F. Hufstader, general

sales manager, and O. W. Young, general manufacturing manager. Right center is Harlow H. Curtice, Buick president, watching Charles Collier, final assemblyman, paint the record breaking number on the windshield. The event is symbolic of consistent peak employment being maintained at Buick plants throughout the 1940 model season. "No. 250,117" is a Roadmaster convertible coupe with automatic top.

Supervisors Aid Move For Coast Guard Unit

Congressman John Z. Anderson and Sen. Hiram Johnson will be requested by the San Mateo County Board of Supervisors to institute the necessary proceedings for the establishment of a United States Coast Guard Station near Half Moon Bay. It was determined by resolution in a brief meeting of the board Tuesday afternoon.

resolution that purchase of recreational lands along the Coast-side has greatly increased public activity on the beaches, and that several accidents already have occurred because of this increased activity. Commercial fishermen along the 60-mile coastline of the county also would be benefited by such a station, the resolution stated. First suggestion for the station

\$1.50 TAX RATE SET

SAN BRUNO — San Bruno's city council last night ratified the city's \$73,000 budget for the coming year and set the tax rate at \$1.50. The budget is approximately \$3000 over the 1939-1940 fiscal year, but the tax rate remains the same.

was made by the Western San Mateo County Progressive Association Monday night.

70-Cent Tax Rate Fixed for Belmont

BELMONT—A tax rate for the coming year of 70 cents per \$100 valuation won final approval of the Belmont City Council Monday night when a budget calling for expenditure of \$17,500—a reduction of nearly \$500 over last year—was approved. The 1939-40 tax rate was 85 cents.

The council also passed a resolution favoring reconstruction and division of Bayshore Hwy.; appointed Joseph Mitchell to the planning commission to succeed Howard Williams, who has moved away, and granted the application of the Foothill De-

Third Alarm Answered At Merrill Home

MENLO PARK—The third call in a few months was made from Fire Commissioner Charles H. Merrill's place to the fire department Monday. Several months ago his home was destroyed; three weeks ago rubbish at the site of the razed structure caught on fire. Last night while wreckers were burning debris, gas from a partially-opened main ignited and flames shot 10 feet high. While a fire truck stood by, workmen from the Pacific Gas and Electric Co. shut off the gas. No damage had been done. Development Co. for approval of its third subdivision.

Legion To Encourage Army Enlistments

In an effort to encourage young men to enlist in the U. S. Army, Redwood City Post 105, American Legion, today offered its assistance to anyone thinking of recruiting for military service.

In a statement, the Legion pointed out: "By a recent act of Congress the enlisted strength of the regular army has been increased from 242,000 to 375,000. A large part of this increase will be for stationing in California. The American Legion is sponsoring a recruiting program to assist the Ninth Corps Area in recruiting their portion of the required personnel to complete the quota."

"Civic and fraternal groups are invited to lend their support to the observance this current week of efforts to bring home to young men the opportunities now offered for military service. 'Enlist for defense week' will be only the start of a prolonged recruiting program, but it may serve to emphasize this very necessary phase of the army's activities."

Young men interested may contact any local Legionnaire or C. H. Diel, commander; Paul D. Surber, adjutant, or Floyd D. Granger, Americanism chairman, or report to the Federal Office Building in San Francisco or the sub station at the Post Office in San Jose.
